Course Project - Iteration 2 – System Testing and Proof of Use Cases

Want to Login to System

The image shows a screenshot of a web application window titled "Store Management System". The window has a standard Windows-style title bar with a minimize button, a maximize button, and a close button. The main content area is light gray and contains a login form. The form has two input fields: "Employee Name:" and "Password:". Both fields contain the text "Admin". Below the password field is a blue "Login" button. The window is set against a white background.

Change my login password

A screenshot of a web application window titled "Store Management System". The window has a standard Windows-style title bar with a minimize button, a maximize button, and a close button. The main content area is light gray. At the top, the title "Store Management System" is displayed in bold black text. Below the title, there are two input fields. The first is labeled "Employee Name:" and contains the text "Admin". The second is labeled "Password:" and also contains the text "Admin". Below these fields is a blue button with the text "Login".

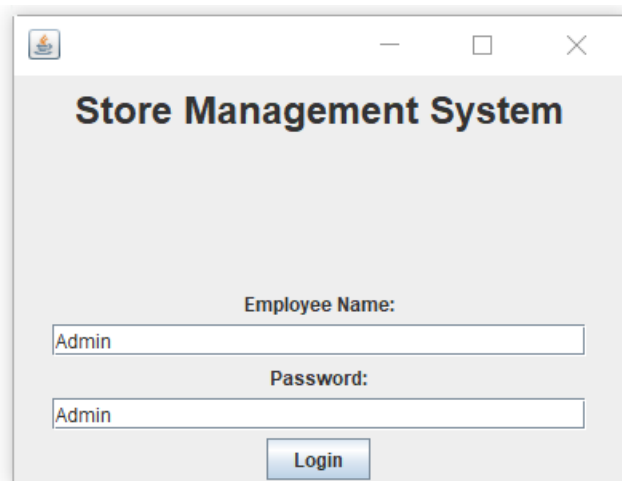

A screenshot of a web application window titled "Store Management System: Manager Screen". The window has a standard Windows-style title bar with a minimize button, a maximize button, and a close button. The main content area is light gray. At the top, the title "Store Management System: Manager Screen" is displayed in bold black text. Below the title, there are five blue buttons arranged horizontally: "Checkout", "Manage Product", "Manage Users", "Manage Profile", and "Business Report". Below these buttons is a large black silhouette of a person's head and shoulders, representing a user profile.

I want to change my profile picture

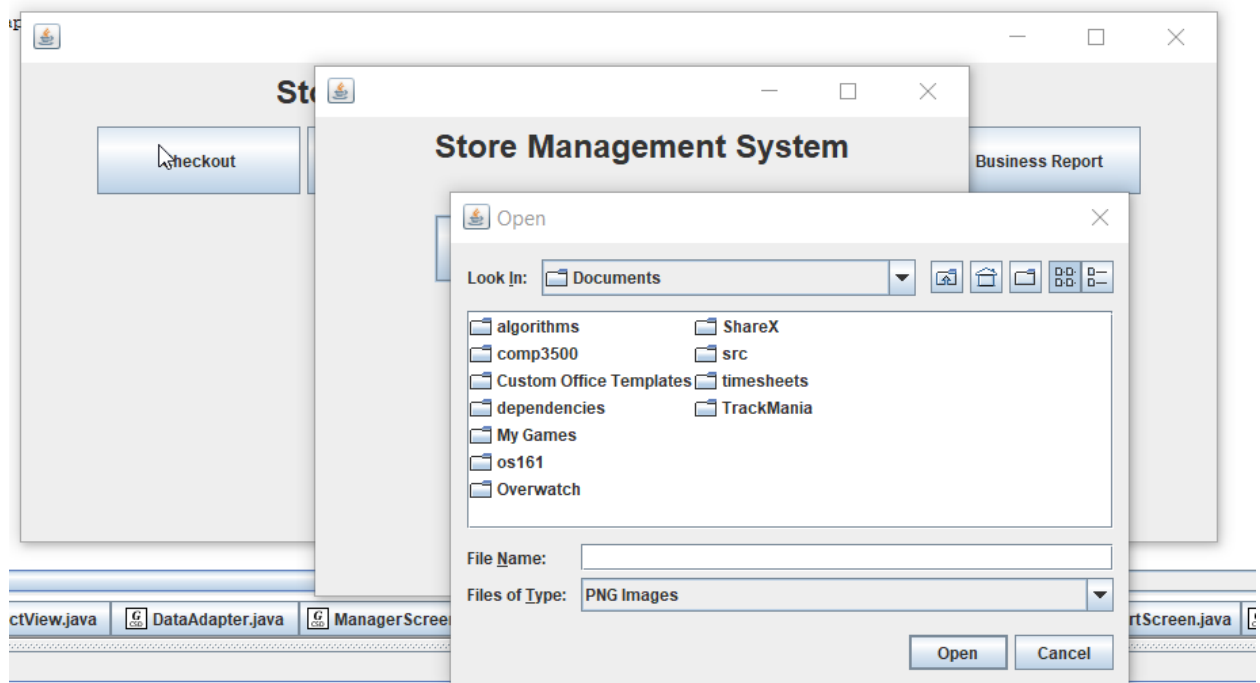

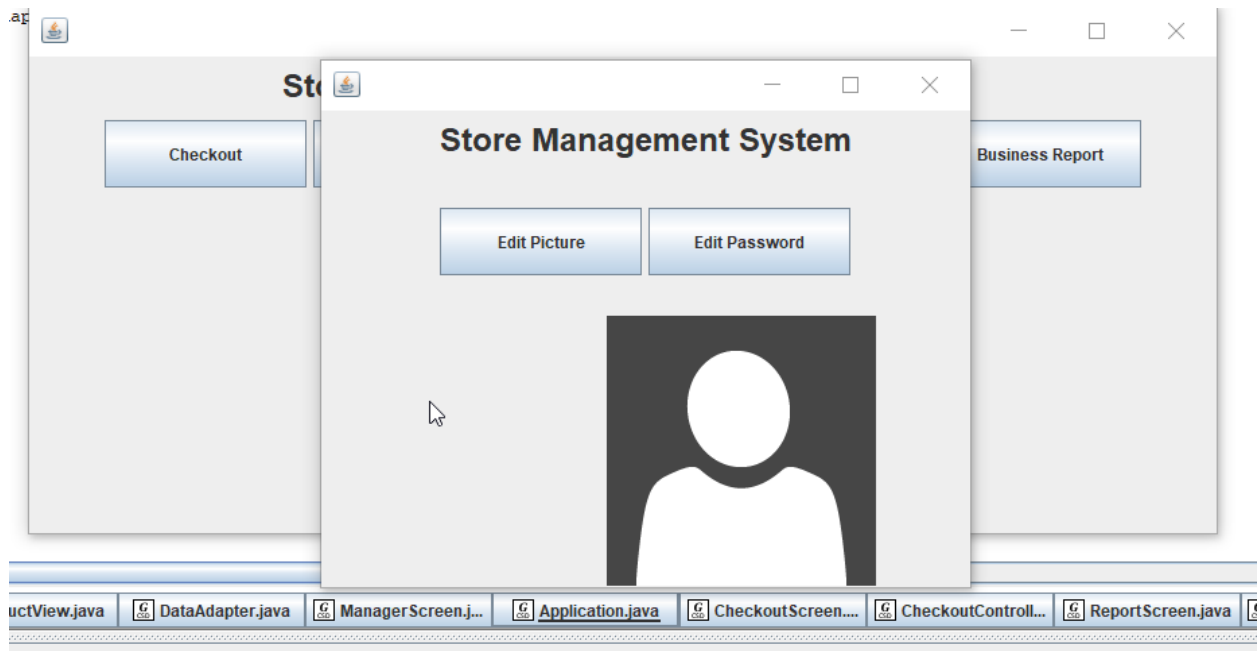

A screenshot of a login window titled "Store Management System". It features a light gray background and a white border. The window has a title bar with a small icon and standard minimize, maximize, and close buttons. The main content area contains the following elements:

- Employee Name:** A text label above a white input field containing the text "Admin".
- Password:** A text label above a white input field containing the text "Admin".
- Login:** A blue button with white text located below the password field.

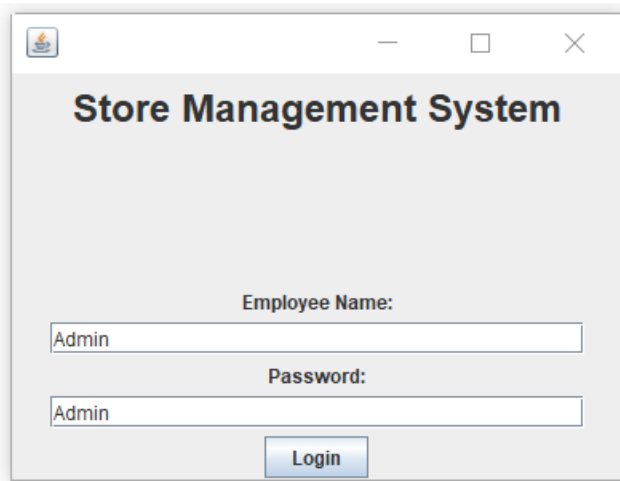

A screenshot of a manager screen window titled "Store Management System: Manager Screen". It features a light gray background and a white border. The window has a title bar with a small icon and standard minimize, maximize, and close buttons. The main content area contains the following elements:

- Navigation Buttons:** A row of five blue buttons with white text: "Checkout", "Manage Product", "Manage Users", "Manage Profile", and "Business Report".
- Profile Picture Placeholder:** A large black square with a white silhouette of a person's head and shoulders, centered below the navigation buttons.
